PROD. NO. 4293

Calcium is the primary mineral responsible for strong bones.* Because the body cannot produce Calcium, a balanced diet, regular exercise, healthy lifestyle choices and adequate intake of Calcium can play a role in maintaining bone health.* Calcium and Magnesium play essential roles in maintaining proper bone mineralization.* Calcium and Magnesium are also involved in muscle contractions and nerve impulses.* Zinc is essential for cell division and growth.*

Directions: For adults, take three (3) tablets daily, preferably with a meal.

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
