What parent doesn't try doing the best for their children...taking care every day to give them what they need to keep them healthy and happy. Our first line of defense can be making sure we give daily support for our children's immune health as well as friendly bacteria for their digestive systems.* Including a daily probiotic supplement can be a great help. Probiotics provide a source of good bacteria, the wholesome kind children need to contribute to positive microflora in their bodies.*

Probiotic Kidchewables are created with children...and parents in mind. Sugar-free and vegetarian, our natural Grape flavored Kidchewables taste so good kids will want to take them; parents can feel good that they contain natural flavors and colors sourced from foods, with the added benefit of teeth-friendly Xylitol.

- 5 Billion Clinically Studied[†] Live Cultures
- Guaranteed Through Expiration
- No Refrigeration Required

Kid-loving flavor...parent-loving probiotic support, that's Probiotic Kidchewables. We have kids' immune support covered.*

*In one randomized double-blind placebo-controlled trial of 240 children, the group taking the active formula had improved immune health compared to the placebo group.
